

GUESTS DRIVEN OUT BY FIRE

West Baden Springs Hotel Destroyed Early This Morning.

OVER 200 GUESTS

Most of Them Barely Escaped in Their Night Shirts.

WAS NO LOSS OF LIFE

Orleans, Ind., June 14.—The West Baden Springs hotel, one of the most famous health resorts in the west, was destroyed by fire this morning.

Over two hundred guests were in the hotel and lost nearly all of their effects. The loss is estimated at half a million. It is believed that the fire was caused by an overheated range, was discovered early and the guests were quickly aroused, but the flames spread so rapidly that they were unable to gather up their effects. They were driven in a panic from the hotel by the rapidly spreading flames, some making their escape in their night gowns.

Several were painfully injured by jumping from the windows and a few were badly burned. Others were badly bruised in the rush to escape. The majority sought refuge in the French Lick Springs a mile away. Alarming reports were spread about the loss of life, but everybody in the hotel where the first started were accounted for.

Bedford, Ind., June 14.—A man just arrived from West Baden says that the greatest confusion prevails about the hotel and he fears that some lives have been lost.

BOERS DO NOT ASK FOR PEACE

Report of Negotiations is Denied—Burgher Strength in the Field is 17,000 Men.

London, June 14.—A. J. Balfour, the government leader, answering a question today in the house of commons, said there was no foundation for the rumors of peace negotiations with the Boers. The Boer strength in the field was estimated to be 17,000.

The report of the British Transvaal committee is severely condemned here by the whole press as being high handed and denying private property rights in war, against the practice and theory of all civilized countries. It is learned from a reliable source that the German government has instructed the German embassy in London to protest against the gross wrong meditated against a large number of German stockholders in the Netherlands-South African railroad whenever it appears certain or even likely that the British government will adopt the committee's report.

ROOSEVELT WILL VISIT COLORADO

Takes President McKinley's Place at the Quarter Centennial Celebration in Denver July 4.

Washington, June 14.—President McKinley has performed a friendly turn for Vice President Roosevelt that will no doubt serve to undermine the rather dreary existence of the erst while governor of New York. The president received a very cordial invitation to attend the quarter centennial of the admission of Colorado as a state.

He was unable to accept the invitation but in an indirect manner suggested that the vice president would very creditably represent the chief executive of the nation. Vice President Roosevelt promptly received an invitation to be present and he accepted.

He will be in Denver on July 4 and will be the central figure of the great demonstration by means of which the residents of the centennial state will mark their twenty-five years of progress as a member of the sisterhood of states. Colorado has a warm spot for the vice-president since his famous lion-hunting exploits of last December.

CAILLES WILLING TO SURRENDER

Manila, June 14.—General Cailles, the insurgent leader, now announces his willingness to surrender one hundred rifles tomorrow and three hundred three days later. The killing of three officers in a recent skirmish at Lipa is said to be due to the fact that they were American deserters in the insurgent ranks. Colonel Bodnes with five officers and forty-one rifles has surrendered at Lipa.

FIFTEEN KILLED AND MANY HURT

Explosion of a Cartridge Factory in France—Twelve Lives Lost by Fire in Russia.

Paris, June 14.—Fifteen were killed and a score injured by an explosion in the cartridge factory at Les Molins. The majority of the victims were women.

Trunks and limbs of bodies were hurled into the air with the debris of the buildings. Many persons are still missing. Fifteen hundred persons worked in the factory. The list of fatalities would doubtless be much heavier were it not for the fact that the explosion occurred at lunch time after many of the employees had left the building.

Twelve Lives Lost
St. Petersburg, June 14.—Twelve lives were lost in a fire at the naval construction works on the Island of Guleres today. A partially built cruiser and a quantity of naval and military stores were destroyed. Loss two million roubles.

NO DOUBLE TRACK FOR THE PRESENT

Janesville & Southeastern Will Put Its Single Track in the Best of Condition First.

The Chicago papers have had the following item in regard to the Janesville & Southern railroad:

"A big gang of laborers is laying a second track on the Chicago, Milwaukee and St. Paul railroad at Libertyville. It is claimed that only half a mile of track is to be laid for switching purposes, but it is believed to be the beginning of double tracking the new Janesville branch which was recently completed. The double track would connect with the present main line at Roundout, near Libertyville."

Inquiry at this end of the line develops the fact that there is no truth in the story of a double track between Libertyville and this city.

The distance from Libertyville to Roundout where the Janesville & Southeastern connects with the Chicago & Milwaukee division is three and two-fifths miles. A track is being put in between these points for switching purposes and to give the road a better connection with the divisions.

There is nothing about the construction of the road that would indicate that it was the intention of the company to make a double track line of it. All the heavy cuts and fills and all of the bridges are designed for but one track and it would be a very costly undertaking to put in a double track.

Although the new line is enjoying daily increasing patronage they are able to take care of all the trains that are now being run on one track.

UNRULY BOYS THROW STONES

Complaints Made by People Who Have to Pass Under the Bridge at Monterey.

Complaint is frequently made by people living in the country that have to come under the arches of the railroad bridge at Monterey, that they are frequently greeted by a shower of stones from the size of a marble up to a hen's egg. The stones are thrown by a crowd of unruly boys who hang around the arches and make life miserable for those passing by.

It does no good for the person struck to try and catch the boys as they hand him a few more rocks and then skip up the tracks and by the time the person gets up on the top of the fill there is no one in sight.

One farmer suggests that the farmers carry double barreled shot guns with them and treat the young rascals to a dose of fine shot. The proper thing to do is to notify the police when they are interfered with and let them take the proper steps to bring them before the municipal court to be dealt with by Judge Field.

JUDGE G. E. WAITE DIES AT GENESEO

Father of Mrs. Henry Dedrick of This City, and a Man of Wide Prominence.

Mr. and Mrs. Henry Dedrick of this city returned home last evening from Geneseo, Illinois where they were called by the death of Mrs. Dedrick's father, Judge George Elliot Waite.

Judge Waite is also well remembered by many in Janesville whose acquaintance he formed on a recent visit here. To Mr. and Mrs. Dedrick many local friends extend deep sympathy.

Throughout all the state of Illinois Judge Waite's death is mourned by a large circle of friends as he was a man of prominence.

PHILLIPS WOULD EMULATE JOSEPH

WANTS GOVERNMENT TO PUT UP GRANARIES IN CHICAGO.

His Idea is to Establish a Trust on the Same Terms with Any Other Trust and Make 40 Cents the Bottom Price Forever and Evermore.

Minneapolis, June 14.—Government granaries in Chicago bigger than those that Joseph built in Egypt, a farmers' bank with a capital of \$50,000,000 capital, also in Chicago, are the two agencies which George H. Phillips looks forward to as the means of putting the farmers of the United States in a business paradise, establishing for them a trust which can fight on equal terms with any other trust in the country and making 40 cents the bottom price of corn forever and evermore.

Good Times for Farmers
Mr. Phillips was given a banquet at the West Hotel last evening by the National Grain Growers' association, now in session in this city, and in the course of his remarks took his farmer admirers into his confidence and predicted good times for them, which will be so exceeding good as to make the bull markets he called into being seem hard times by comparison.

"Do not take me too seriously. This is just a dream, though a dream that might be followed up to the creation of something real," he said, but his hearers thought of the dream he dreamed before beginning his bull campaign and called him a prophet. He spoke on the basis of his theory that the 3,000,000 farmers of the land are not "too many headed" to act as a body and that if they do act together they can fix their own prices on commodities as easily as any trust or magnate can do it.

Could Emulate Joseph.
"Let the government tax the farmer a cent a bushel on his corn crop," he said, "and with the money build elevators in which to store a hundred million of corn and pay 40 cents basis Chicago market for it and the world will pay the same. There is not so much of it that we need worry about an extra large crop or two. With the government ready to pay 40 cents for it the farmer can borrow 30 cents from his country bank, if he needs money and carry the surplus for seven years, if need be, as did Joseph 5,000 years or so ago. Did you ever wonder why there is no large accumulation of grain anywhere in the world? We have been raising crops since Joseph's time, yes, before his time, and today we fear a crop failure would plunge us into famine."

Bank for the Farmers
"Another dream of this sort is one I have had of a farmers' bank located at Chicago. Make the capital \$25,000,000 or \$50,000,000. Sell the stock in \$10 shares, not less than 10 shares subscribed to a farmer, who could if he so desired, dispose of some of his shares to a neighbor."

Before he concluded Mr. Phillips said that from being a corn broker he was going to become a corn grower himself, and join the ranks of the farmers. "I am going to take some of that bear money and soak it into farm mud," he said.

PANAMA HATS ARE SCARCE AND HIGH

Those That Are To Be Had Are Held by Dealers at \$35 for Every Hat.

New York, June 14.—The man who bought his Panama straw hats last year was lucky, for they are practically out of the market today. Those that are to be had are held by the dealers for \$35. This price is not likely to decrease.

"The South American makers are absolutely unable to meet the supply," said one of the salesmen in the largest hat store on Fifth avenue this afternoon, "and for two months we have been practically unable to meet the demand for certain average sizes. These hats have suddenly become the fashion all over the world. They are in as much demand abroad as they are here, and the scarcity is the same there. Now our prices are \$35 for a hat that cost only three-fifths of that amount last year; and at that price they are to be had only in certain sizes. Others could not be had here at any price. We have no idea when a new supply will come in."

"Is there still a demand at those prices?"
"Strong enough to sell as many as we can get hold of."

Illinois Wins from Beloit
Beloit, Wis., June 14.—Beloit's chances for claiming the Western collegiate championship slipped away yesterday, when through stupid base running and failure to hit the ball at critical times, Illinois won by a score of two to one. It was a twelve inning contest however and hard fought from beginning to finish.

CABLEGRAM FROM EMPEROR WILLIAM

THE GERMAN KAISER CONGRATULATES Y. M. C. A.

With Satisfaction He Sees the German Association Active in the Same Endeavor to Take Part Fraternally in the Boston Gathering—Idol of the Convention.

Boston, June 14.—Among the pleasant features of the Y. M. C. A. jubilee convention now in session here, has been the receipt from the German Ambassador at Washington, transmitting a cablegram from Emperor William. The emperor says: "I ask you to transmit to the brotherhood of the Young's Men's Christian associations of America, assembled for the jubilee convention my hearty congratulations. With pride the brotherhood may look back upon its past life, which promises further to flourish and increase. May this expectation be fulfilled in a rich measure. With satisfaction I see that the German association, active in the same endeavor, take part fraternally in this solemn gathering. May the American associations also in the future, train their great fatherland citizens, who are sound in body and soul, and of earnest convictions of life, standing on the only unmovable foundation of the name of Christ, whose name is above every name."

"WILHELM, I. R."
The convention in reply sent a message to the emperor expressing thanks and saying that the delegates were deeply touched by the reference to the fraternal relations existing between the young men of the German fatherland and America.

"May our alliance founded on Christ forever bind the kindly sentiments which now exist between the two lands," was the concluding sentiment of the convention message.

Idol of Convention
The idol of the convention, James Stokes, tall and straight and vigorous, of powerful physique and masterful face, known the world over for his ever ready hand of help to the strivers for the welfare of young men, occupied the president's chair. Whenever his name was mentioned as the benefactor or sponsor of some far distant association and Mr. Stokes sank modestly into his chair, shutting out his eyes from the demonstrations.

Applause burst loudly at the mention of Queen Wilhelmina by the delegation from Holland and at the expressions of wonder at the magnitude of the association's accomplishments in this country from the spokesman of little Finland. Russia's delegation, however, received the greatest applause. The spokesman was Rev. Father Nicholas V. Vassilief, gowned in the robes of his office, of deep crimson silk, silver chain and crucifix about his neck.

WANNAMAKER HITS FRANCHISE GRAB

He Offers \$2,500,000 for Street Privileges Given to a Philadelphia Electric Car Co.

Philadelphia, June 14.—A startling turn was given today by former Postmaster General Wannamaker to the street railway franchise question, which for three months has absorbed public interest here.

After a campaign that began last month in the legislature with the passage of an enabling act and has been continued in the council a company, in which Mayor Ashbridge, Senators Quay and Penrose and nearly all of the Philadelphia congressmen are said to be interested, secured yesterday by vote of the municipal body fourteen franchises, covering practically all the street railway rights of the city and containing no provision for adequate compensation.

Mr. Wannamaker today sent to Mayor Ashbridge, before whom these ordinances have been placed for signature, a letter offering \$2,500,000 for the rights granted by them. He urges the mayor to disapprove the franchises and take steps to secure for the people lower fares and substantial returns for the privilege worth millions which under the pending measures are disposed of practically as a gift.

Plays Championship Golf.
Milwaukee, June 14.—When you make three rounds of the Milwaukee Country club course in 123 strokes you are playing golf of the championship order. That's what Wisconsin's champion, Louis Allis, did yesterday afternoon in his game against Hamilton Vogs in the second match of the Fuller cup series. It was the best golf ever seen on the Country club grounds between amateurs, and it is quite likely to stand as the record for three consecutive rounds for some time to come.

Indianapolis Gets Woodmen
St. Paul, June 14.—Indianapolis will get the convention of the Modern Woodmen to be held in 1903.

UNION PACIFIC IS NOT IN CONTROL

President Earling of the St. Paul Road, Denies Rumors Emanating from Wall Street.

Chicago, June 14.—Reports from Wall street had it yesterday that the Union Pacific was about to secure control of the C. M. & St. P. R. R. One of these reports vouchsafed the information that two of the original inside interests in the St. Paul, who have been represented in the St. Paul directory for over thirty years, recently have concluded the sale of their stock, amounting to \$25,000,000 par value and that this stock is now vested in two unknown names. It was further asserted that this block of stocks will go next October under the Union Pacific collateral trust mortgages.

President Earling of the Milwaukee and St. Paul, when made acquainted with these reports said:

"This is really news to me. I never heard that anything of the kind was in the wind, and I am inclined to think that the reports are sent out from Wall street for purely speculative purposes."

WANTS TO BUY A PLACE IN SOCIETY

An American Offers \$25,000 to Have His Daughter Introduced in London Swindled.

London, June 14.—This advertisement today appears in the London Times:

"An American gentleman desires the services of an English lady of title as chaperon for his only daughter, who will shortly arrive in England for a three months' stay. Honorarium, £5,000."

No one doubts that this advertisement is genuine. London contains at present hundreds of wealthy American men and women many of whom are here with the avowed intention of entering the most exclusive circles of society. The price to be paid the lady of title is about the usual figure.

An "open sesame" to society obtained through the medium of a lady of noble birth costs from \$25,000 to \$50,000. A prominent example of the fact that high-salaried society chaperons exist is shown in the case of William Waldorf Astor, who bestows an honorarium of \$15,000 yearly to a well-known countess to chaperon his daughter and make her an fait with society.

EXPLORER BALDWIN OFF FOR THE POLE

American Exploring Party Leave for England, Where Final Preparations Will Be Made.

New York, June 14.—Evelyn B. Baldwin is in the first stage of his journey to the pole. Accompanied by William Ziegler, he sailed today on the North German Lloyd steamer Kaiser Wilhelm der Grosse. They will go directly to England where they will complete their preparations for Mr. Baldwin's trip to the arctic regions.

Mr. Baldwin will take with him the most extensive transport service ever taken by any arctic explorer. He is to have a fleet of three ships—the America, Belgica and Fridtjof. The America is to be the principal ship of the party, and Mr. Baldwin is to make his headquarters on her. She was formerly the Whaler Esquimaux built principally for Arctic service. She is a three master sailing ship, with an auxiliary steaming plant, driving a single screw. She has been entirely refitted.

The America is to be accompanied by the Fridtjof, a Norwegian sealer, carrying provisions and supplies as far north as Franz Josef land. The third ship, the Belgica, carried Captain der Gerlache and his party to the Antarctic ocean. She is to be loaded with supplies and provisions, which she will carry to the east coast of Greenland, where relief stations are to be established.

Mr. Baldwin will sail from Tromsø, Norway, on or about June 25.

WAS FOUND DEAD ON HIS DOORSTEP

Madison, Wis., June 14.—John Moore, a farmer living four miles from Oregon and ten miles from here was found dead on his doorstep this morning. He was called from the house last night by an unknown person and foul play is suspected.

CUBAN REPUBLIC ON FEBRUARY 24

Havana, June 14.—The morning papers say February, 1902, is the date set for the inauguration of the Cuban republic.

Mrs. Frank Pierson and Elizabeth Carlson are visiting friends and relatives in Muscatine, Iowa. They will be absent two weeks.

WILL RAISE CASH TO WAGE A WAR

American Federation of Labor Will Aid Striking Machinists.

LEVY ON MEMBERS

Ten Cents Per Week for Each to Offset the Manufacturers' Fund.

GREAT LABOR FIGHT

Chicago, June 14.—To offset the defense fund of \$500,000 to be raised by the manufacturers the American Federation of Labor, according to its officials, will now levy an assessment of 10 cents a week on its 2,000,000 members, and the Amalgamated Society of Engineers and the British Machinists' union, the strongest labor organization in existence, as called its willingness to contribute to a fund to wage war against the manufacturers.

The present controversy promises to be the greatest labor struggle on record, and if both sides stand firm for any length of time the machinery industry of the United States must inevitably be paralyzed. Thousands of other workmen engaged in the manufacture of machinery will have to be laid off. Molders, patternmakers and blacksmiths may be able to work for some time, but as the castings, patterns and forgings accumulate it will be useless for the employers to keep operating their plants. Then will come a period of idleness the duration of which none can predict. If no settlement is reached within thirty days it is said nearly 500,000 workmen will be affected.

Local and international officials of the Machinists' union look upon the \$500,000 defense fund proposition of the manufacturers as a bluff. They say, however, that if the manufacturers intend to fight the machinists, they will find themselves arrayed against the combined labor movement of the world and that the millions more spoken of by W. J. Chalmers of Fraser & Chalmers will have to be produced if they hope to win victory. Everything points to an active resumption of hostilities. The machinists now expect the manufacturers to attempt to resume operations with non-union men and the picket in Chicago and other places will be doubled. Members of the Manufacturers' association are of the opinion that many of the firms that have made concessions with the men will now close their plants and wait until the fight is over.

Gompers to Aid Machinists

New York, June 14.—Samuel Gompers, president of the American Federation of Labor, has made this announcement to the Washington correspondent of the Herald:

"The American Federation of Labor will aid the International Association of Machinists in every way within its power in its contest for the nine-hour day."

Gives Trackmen's Ultimatum

Montreal, Que., June 14.—Grand President Wilson of the American Trackmen's union announces that unless the Canadian Pacific railway grants all their demands by noon tomorrow he will order the men out.

STEWART JELIFF HELD FOR TRIAL

Mineral Point, Wis., June 14.—The examination of Stewart Jeliff of Ripon on the charge of burglarizing the First National Bank of this city ended this morning. The prisoner was bound over to await the session of the circuit court at Dodgeville, under \$15,000 bail.

FORESTERS ELECT THEIR OFFICERS

Madison, June 14.—The Catholic Order of Foresters held the final session of the state convention yesterday. Business relative to the order was transacted and the various committees made reports.

All of the old officers were re-elected by acclamation as follows:

State Spiritual director—Mgr. J. J. Fox, Green Bay.
State Vice Chief Ranger—James W. Dunagan, Stevens Point.
State Secretary—Gustave Keller, Appleton.

State Treasurer—Peter J. Norton, Watertown.

State Trustees—Michael Colbert, Racine; John Brehm, Waukesha; John A. Kuypers, Depere.

It was decided to hold the next state convention in Ashland, beginning the second Tuesday of July, 1902.

The international convention of the order will be held in Detroit, Mich., next August. Wisconsin's quota is 21 delegates.

RIGHT OF WAY FOR TOWN OF ROCK

NEW ELECTRIC ROAD HAS SECURED A FRANCHISE.

Considerable Change Has Been Made in the Proposed Route of the Beloit, Delavan, Lake & Janesville Electric Line—Avoids Hills and Railway Crossings.

The promoters of the Beloit, Delavan Lake and Janesville Electric railroad had a meeting yesterday afternoon with the members of the town board of the town of Rock and after considerable argument were given the right of way, through the town. This question of getting permission from the town board to cross the intersecting highways is one that has been bothering the promoters for some time. As this matter is now settled and Beloit has agreed to extend the length of their franchise if they build the power house and other buildings in Beloit the line is practically assured.

As soon as the new survey is completed over the new route south of this city they will be in a position to let contracts for the construction of the line which will be in operation by March 1, 1902.

M. J. Cleary of Fond du Lac was a business caller in this city yesterday.

During the past few weeks considerable change has been made in the proposed route of the Beloit, Delavan Lake & Janesville Electric line. A new survey has been made and options secured for the proposed change.

Heretofore the route laid out, after crossing the river, crossed the tracks of the Janesville & Southeastern railroad and the Northwestern spur in Spring Brook and ran east across the Beloit road to a point just south of the Athletic park. Here it ran south through a draw in the hills, through Mrs. Hughes' farm and struck the Beloit road about forty rods south of her house.

The new survey, after leaving Jackson street continues on south, across Eastern avenue and down McKee Boulevard, through the lot of the Choate-Hollister works, over the southwest to the main line of the Northwestern.

There a tunnel or subway will be built under the line which will do away with a dangerous grade crossing, which occurred in the line as first surveyed, about two miles south of the city. It will then continue southwest and strike the middle road just south of Kellogg's nursery and continue on south to Happy Hollow where it strikes the River road about a mile east of the first survey. It will continue from this point along the River road to the line of the first survey and then on into Beloit.

There are a number of reasons why the new route is the best suited to the purposes of the road. The grade from the flat at Spring Brook up onto the prairie is lessened considerably, a dangerous railroad crossing is done away with and a number of other objectionable features in the first right of way are overcome.

The company have had this route under consideration for some time and have secured options for their right of way. Mr. Jackson, their engineer, is now making a survey of the new route and will have the profiles ready in a short time.

WHY IS SWILER LET OUT?

Alderman Graebner Gives Reasons for His Retention.

Alderman W. H. Graebner believes that the people of Wisconsin should demand of the State Board of Control the reason why J. W. Swiler was not reappointed as superintendent for the State School for the Deaf at Delavan. Mr. Graebner was a member of the Board of Control during the two administrations of Governor C. W. Peck and took a great deal of interest in Mr. Swiler's work.

"When we democrats came into power in 1891 like a pack of hungry wolves," said Mr. Graebner, "the board reappointed Mr. Swiler because we appreciated that he was a good man for the place—the only good man for that place in the state. When there was great pressure brought to bear to make way for democrats, he was reappointed four times and his work was perfectly satisfactory. If the democrats kept him in place, I see no reason why he should be ousted now. I believe that the people ought to demand why the change is made. Mr. Swiler has been in charge of that school for twenty-one years and is one of the very best men in that work in the country. It is an outrage to let a man like that go. He has always been faithfully progressive and economical and has attained

to his duties in the proper way. If the people do not stand by him the state institutions are going to lose by it. I think the people ought to take up matters like this. They do not give enough attention to our state institutions.

"The evidence of Mr. Swiler's efficiency is plain, in that he has been reappointed by both political parties for twenty-one years. Let the Board of Control say why he is let out now. If they can give no satisfactory reason, it will be an outrage to the state not to insist upon his reinstatement."—Milwaukee Sentinel.

NOVEL CONCERT BY BLIND MUSICIANS

The Milwaukee Sentinel this morning says:

A novel concert replete with all the elements that go to popularize music, was the one given at North Side Turner hall last evening by fifteen blind young men. The performers were the orchestra for the Janesville School for the Blind, who appeared here for the first time in public, just previous to disbanding for the summer vacation.

From every appearance the concert was a huge success, and an audience of between 400 and 500 people testified their approval of the various numbers by extensive applause. Over half of the audience was composed of ladies and about a dozen blind people heard the concert.

The stage was converted into a kind of a grotto by the dark files of the scenery, and the orchestra was grouped on three sides of a grand piano. Out of the group the music penetrated the shades like voices of the night. The programme was one of proper variety opening with a rag time selection, and closing with the Star Spangled Banner. The author of the ragtime selection, W. Goetzinger, was one of the performers, and later in the evening when he gave a piano solo, the spinning song from the "Flying Dutchman," he was repeatedly cheered.

An appreciative incident of this number was the presentation of a large bouquet to Mr. Goetzinger by a young lady in the audience. Instead of sending it over the footlights, as might be expected in some cases where the recipient possessed the sense of vision she went on the stage through the green room and placed it in his hands. The audience gave the two an ovation, and the young artist carried his bouquet to the piano with him and left it there while he played three recitals, ending with some bars of his own "coon" overture.

MOURN DEATH OF SENATOR STEBBINS

He Was a Picturesque Politician of the Old School and Had Many Friends in Badger State.

The sudden death of Senator De Wayne Stebbins of Algoma, was a great shock to his large circle of acquaintances in this state. He was a picturesque politician of the old school, and the oldest member of the present state senate, being a little over 66 years of age at the time of his death. Last year, before the stalwarts withdrew from the contest over the gubernatorial nomination, he was one of the leading candidates, supposedly as a representative of Isaac Stephenson and that faction of the party. He was the last man to withdraw from the race when the panic began among the candidates after the leaders of the stalwarts decided not to go on with the fight against the reformers.

Senator Stebbins was a member of the battleship commission, and had just returned from a second trip to San Francisco, where he participated in the ceremonies incident to the presentation of the silver service presented by the state to the battleship Wisconsin.

Senator Stebbins was thoroughly loyal to the nation and to his state. He had a true heart beneath his rugged exterior, and his natural courtesy was a foil for the tenderest consideration for the rights and feelings of others. He was invariably brusque, but this was due to his decisive character, and was no reflection on the real man. By many Wisconsin people his death will be mourned as a personal loss.

BIG IMMIGRATION TO THE SOUTHWEST

That an immense immigration is taking place toward the Southwest and especially to Oklahoma and Indian territory is shown by the records of the railways. The Santa Fe reports that nearly 600 carloads of household goods and emigrants' movables, destined to points in Oklahoma and Indian Territory, were moved over its line in 1900, and from reliable sources it is learned that more than 4,000 farms were purchased in that section during the same period by persons coming from the east of the Missouri river. The railway extensions by the Santa Fe have been numerous, and the surety is an inducement that leads many homeseekers in that direction. The Kiowa, Comanche, and Apache reservations, to be thrown open to settlement this year, will still further augment the tide of immigration as soon as the date of opening is announced.

Mrs. J. C. VanDyke and daughter Genevieve from Hermitsville are the guests of Leslie Van Dyke.

CORN IS KING IN TWO BIG STATES

Beauty and Value of the Corn Exhibits of Illinois and Missouri at the Buffalo Expo.

"Illinois produces annually 243,000,000 bushels of corn." This is a motto worked on a blue background with sections of corn cobs in the hand, some booth which this important state has erected at the Exposition. Another motto reads: "Illinois consumes annually 216,000,000 bushels of corn."

The great value and importance to the state of this immense yield of corn is summed up and illustrated in a very graphic manner by these two mottoes and the manner in which they produce a decoration. Fancy bushel baskets of corn are attached to the frames of each motto, one basket containing white and the other yellow ears, each kind being perfect in size and proportion of both cob and kernel. Other things are represented in this booth that are in some instances very handsome. Corn is easily recognized as king of this section. Corn at first thought would appear rather a prosaic product to us for elaborate decoration, but the people of Illinois have at other times utilized the different products of this crop for an artistic representation of their agricultural and live stock interests.

The different products of corn are here represented in such a manner as to attract the attention of those who have never considered the subject beyond the necessary feed for cattle. Glucose sugars, starches, dextrines, the different meals, corn oil, corn oil cake, and a substitute for rubber, are all here represented as important by-products of the great corn crop of Illinois; of these the rubber substitute is probably the most interesting because of its novelty. It is produced from corn oil by a vulcanizing process similar to the manipulation of genuine rubber gum; it is said to be used in connection with rubber gum but it will be difficult to induce the general public to accept it as an improvement, however, certain people want goods at their own prices and the probabilities are that this is a legitimate means of furnishing them with what they think they want.

Crossing the aisle, which in this case represents the state line between Illinois and Missouri, we find this great future World's Fair State an exhibition neighbor in fact as well as theory. The exhibits are similar too in fact that corn is here also the leading article, though it is represented in a very different manner. A noticeable feature in this connection is one peculiar corn that is grown, not for the corn, but for the cob. This is the cob that is used in making the famous cob pipes that are now sold at every cigar stand and in a great many other places throughout the land.

The value of these pipes lie in their porous structure that enables them to readily absorb the nicotine; it is called pipe corn and is grown in but four counties in the state, as so far it only grows to perfection in this limited area.

While the corn is all right as a grain (there is nothing uncommon about it either in appearance or yield) but the cob is exceptionally large and firm, giving the exact consistency required for this class of work.

The round wire corn crib filled with red, white and yellow corn is roofed with corn tiling made by splitting ears of corn in two in the middle lengthwise. It is topped in the middle with an immense ear of yellow corn four and one-fourth inches in diameter and twenty-seven inches in length; a fitting crowning ornament for a building of such construction. No other article in the exhibit attracts so much attention as this ear of corn. It is typical of the immense corn production of the great state of Missouri in size and representative of the ingenuity of Mr. E. S. Garver, president of the Missouri commission. What the inhabitants of Missouri cannot grow, apparently they can manufacture.

Anti-Horse Thief Society.

The Anti Horse Thief association of Spring Valley was organized April 10, 1868, for the purpose of protecting its members from horse thieves. About 80 horse owners within six miles of Orfordville joined the association. The society meets quarterly at Orfordville. The officers are:

President—E. V. Haugen.
Secretary—H. C. Taylor.
Treasurer—O. P. Gaarder.
The following is a list of the members in good standing:

M. A. Brunswood, John Beck, N. Benson, O. O. Bonquist, J. A. Carver, Erick Erickson, Chris. Eggen, O. P. Gaarder, Ole Gilbert, Andrew Gaarder, Samuel Honeysett, Hans Hove, T. H. Iman, C. Knudson, J. W. Keithley, O. O. Overstrade, S. O. Onsgard, O. A. Peterson, Arne Peterson, O. G. Ruse, Antone Ringen, A. Springen, E. H. Skinner, Knud Thorson, W. Taylor, H. O. Tjostum, O. M. Tollefsen, L. O. Volsten, E. N. Wagley, Chris Lever.

AMUSEMENT NOTES.

Hortense and Marie Nielson, sisters of the celebrated Alice Nielson, with an excellent company, will present a week of repertoire at the Myers Grand, commencing Monday night. The opening bill will be that matchless love story, "Under Two Flags," and the customary rule of repertoire companies to admit one lady free when accompanied by the nolder of one reserved seat will be observed. Tickets will be only 10 and 20 cents and at those prices the theater should be packed every evening. A novelty will be introduced and ice cold lemonade will be served free to the patrons of the house every evening during the week. The company is playing this week at Beloit and concerning Tuesday evening's performance the Beloit News says: "Last evening the company presented 'The Pearl of Savoy,' in a pleasing manner, Hortense Nielson as Marie, and Marie Nielson as Clouchon carrying off the honors of the evening easily. The first named gave evidence of rare ability as an emotional actress, and the latter injected most of the sunshine into the sad story of the little Savonian maid. Magnificent costumes of the time and locality were lavishly displayed."

Clyde Fitch's stirring play, "Nathan Hale," tonight should create more than a passing interest. But this company does not rest its claims upon this predominant American sentiment alone. The entire beautiful outfit of scenery and costumes, as it was seen in New York during the play's remarkable run at the Knickerbocker theater, will be presented here in all its elaborate detail, by a company that is more than adequate. The title role will be played by Mr. Howard Kyle, who is said to bear a striking resemblance in form and feature to the published portraits of Nathan Hale. Mr. Kyle is one of the younger generation of stars who has succeeded to his present position by reason of his ability. Always an excellent actor, having served as leading man in the best of our stock companies, and to many of our most noted actors. He has surrounded himself with a very good company, including Miss Jessie Izzet, whose daintiness and piquancy, it is said, fit her for the requirements of the character of the sweet colonial maid, Alice Adams.

Dr. E. J. Elton of Kenosha. Dr. E. J. Elton of Kenosha, who was recommended by the Milwaukee Osteopath convention as one of the men to be appointed by Governor Scofield to represent the Osteopaths on the State Board, was formerly of Janesville. Dr. Elton is one of the best known Osteopaths in the state. While still a young man he is one of the pioneers in the line of Osteopathy.

WE KEEP THE QUALITY UP

Carpet Selling..

All carpets for miles around must have worn out about the same time, judging from the number we have sold, and the demand is not yet over by any means. We bought an immense lot of carpets early in the year and thought we would have enough to last through the spring season. Since then we have bought many pieces, in fact have been receiving shipments several times each week since May 1st. THE RESULT IS, our stock is in excellent condition now, having a splendid assortment of the very newest patterns in the several grades that we handle. If you need carpets, here's the place to come for them. How about carpets for the new house?

RUG BUSINESS

Largest and most complete line of RUGS we have ever shown. Over 1,000 rugs to show you. Shapes and sizes to fit in anywhere. Ingrain and Brussels, Ingrain Art Squares, 100 of them. Smyrna and Velvet Rugs in extra large sizes for rooms in place of a carpet. 50 styles; also Moquette and Japanese, large variety. Oriental Rugs, on these we positively save one money. We sell them at a much smaller margin of profit than the large city houses, to which many people can attest. How many dollars extra is it worth to you for the satisfaction of buying in Chicago? It is not for us to say where one shall buy. All we ask is an opportunity to substantiate our claims. Before buying call and be enlightened regarding our stock of ORIENTAL RUGS.

Matting.

Have you a summer cottage to furnish? Are there some up-stairs rooms that need a new floor covering? So many rooms for which matting is just the thing. 200 rolls of matting to show, plain and fancy, all matting and cotton warps. Prices within easy reach.

BAG TOPS

A new lot of them just received from New York. We have all the materials necessary for making the "fad" purses. Have had some trouble keeping the "tops" in stock, ours are so desirable. Plenty now.

Folding Jap. Fans

From Vantine & Co., New York, the largest importers in America of Oriental Novelties. We bought about 700 Japanese folding paper fans comprising some beautiful creations in light and dark fans. prices start at 3c and end at 40c. The decorations on them are very late and distinctly Japanese. Lovely fans at 10c, 15c, 25c. and so well made.

Turkish Towels

Headquarters for turkish bath towels. We emphasize a lot that we offer at 12 1/2-2c. Not every day can such a bargain be found, being worth about double what we ask. Have great values in turkish towels at 25c. After the bath a good Turkish towel's the thing.

Cheese, Cheese

Limburger, Swiss. Brick, American,

Fish Fish,

Salt mackerel, 5c apiece.

Lake shore herring 5c per lb.

SUNDAY SCHOOL CHILDREN PICNIC

The children who graduated from the primary department of the Presbyterian Sunday school last Sunday were happily entertained at the home of their former teacher, Miss Matella Calkins, 754 Pleasant street, this afternoon. Miss Calkins was assisted in making the afternoon pass enjoyably for the little folks by Miss Lizzie Richardson who will have charge of the girls of the graduating class in the future and Mrs. Daisy Athon, who will be the teacher of the boys.

The children had a merry time spending the time out of doors on the pleasant lawn and playing the various games which are always fun for the little ones.

During the afternoon a tempting luncheon was served by the hostess, Miss Calkins, who has charge of the primary department of the Presbyterian Sunday school is considered an exceptionally fine primary teacher and is so popular with the little people that some who were entitled to graduate were so unwilling to leave her class and their parents were so unwilling to have them that they were permitted to remain.

MAY NATIONALIZE THE STATE MILITIA

Wisconsin military men are in favor of the proposition which is being widely considered in the East to Nationalize, at least in part, the militia of the several states. The prediction is made at Washington that National guard matters will be the subject of lively debate during the next congress.

The experiences just before and during the Spanish war have brought that institution more closely before the authorities than ever before, and efforts will be made to have the National guard in fact as well as in name.

The vigorous foreign policy which a number of the statesmen of the country are advocating will require a reserve army of greater strength and efficiency than the militia of the several states as they exist at present offers, and many of the congressmen would favor a bill providing that financial and moral support be given the state guards by the federal government, and that certain requirements of efficiency and physical ability by the government be insisted upon in return for the support.

F. F. Ford Dead.
Mr. J. L. Ford, the well known, tailor received a telegram yesterday announcing the death of his youngest brother, F. F. Ford, which took place at his home in Philadelphia, Pa., and was the result of a long illness of Bright's disease. Mr. Ford was about fifty years of age and was a former resident of Janesville, leaving here for the East thirty-one or thirty-two years ago. For the past few years bad health prevented him from engaging in active business pursuits. He leaves besides a widow two children; also four brothers and one sister. The latter, Mrs. Ben E. Glennie, was also a former resident of Janesville but has made her home with her brother for some years past. Mr. Ford will be buried at Granville, Vt., beside his parents, a sister and a child.

Gen. D. S. Grant's Cook Buried.
Chicago, June 14.—William Giles, an ex-slave, who cooked for General Grant, was buried yesterday from his late residence, 568 Fulton street. Giles was 74 years old, and for many years had been a familiar figure about town. He had been a porter in the Ashland block for a long time. When the war broke out Giles followed the union forces as a cook, and his skill in that line attracted the attention of General Grant. Afterward, when Grant was President, he employed Giles about the white house.

Chief John Redell Is Ousted.
Omaha, Neb., June 14.—John Redell, chief of the fire department, was ousted last night by Mayor Moores, with the concurrence of the council. The district court yesterday held that the board of fire commissioners had no constitutional power to appoint members of the department. The city was left, therefore, with no de jure department whatever.

Milwaukee's Strange End.
Benton Harbor, Mich., June 14.—John E. Mitchell, a Milwaukee traveling man, died in agony in the Pere Marquette depot. His last words were: "They're after me." Death was caused by poison, and suicide and murder theories are advanced. The former is accepted as the more probable because of his cries.

Mr. and Mrs. E. F. Carpenter drove overland to Madison this morning.

Cook's Duckett Tablets.
Are successfully used by over 10,000 ladies; are prepared by an old and experienced physician. Ladies, sick, or suffering from the only safe and reliable monthly medicine known. Price, 31¢. By mail, \$1.00. Send 4 cents postage for Free Sample and full particulars. Address: The Cook Company, Room 1, No. 253 Woodward Ave., Detroit, Mich. For Sale in Janesville by R. J. Saray.

CAUSE AND EFFECT.

Some Common Sense on Health Well Worth Reading.

That is what Quaker Tonic is and what it does. It was originally intended for diseases of the liver and kidneys and constipation, but experience has proved it to be of transcendent merit as a purifier of the blood, a strengthener of debilitated nerves and a tonic for every organ and function of the body.

It is the most comprehensive remedy known to the science of medicine.

Here are a few facts of vital interest to those who suffer from any disease due to the liver. Read them carefully.

The liver is one of the most important of vital organs. It separates the pure, healthy blood from the injurious matter. The latter it carries to the intestines in the form of what is known as bile. The moment your liver is overworked, sluggish or disordered, it fails to carry the bile to the intestines—becomes filled with it—and overflows. Then this rank, poisonous matter, which it is the function of the liver to get rid of, is absorbed, carried through the main thoracic duct and thence along the spinal column, where it is diffused, in the blood.

That is how your blood gets out of order.

And there is one more evil result of this condition.

The bile is nature's own purgative.

When the liver fails to carry the bile into the intestines constipation is the immediate result. The thing works both ways. Biliousness causes constipation—constipation in its turn causes biliousness. Now what do you do when you are bilious or constipated? Unless you are very much out of the ordinary, you follow that old and foolish custom of taking a strong purgative, and you think when that purgative has done its duty you are necessarily all right again. On the contrary, you are right in the straight path of being all wrong again in a very short time.

Violent purgatives, such as "liver pills," strong herb teas and modern cathartics, overstimulate and unduly excite the liver. They irritate the stomach and bowels and derange the digestive organs and functions.

Leaving the liver, as they do, in a "worn-out" condition, you are unable to do its work properly and you are right in line once more for biliousness and constipation—worse than before and sooner than before.

And so you go on whipping the devil of an insidious and dangerous disease around the stomach in this senseless manner until your whole digestive apparatus is not only a complete wreck, but dangerous and even fatal diseases of the liver, kidneys and heart have got you securely in their grip.

What you really need is this certain, reliable and harmless medicine—Dr. Crane's Quaker Tonic Tablets.

You can buy them at any drug store. 50 cents a box, 6 boxes \$2.50. If your druggist doesn't sell them write to Penn Drug Co., Oshkosh, Wis., for free sample and booklet, "Quaker Tonic Truths."

BRODHEAD.

Brodhead, June 13.—F. W. Anderson of Janesville was in the city on Tuesday.

W. F. Breyvogel spent last Monday in Janesville on business.

Mrs. John Douglas is visiting her daughter, Mrs. W. B. Johnson, in Belvidere, Ill.

Ben Hyatt went to Chicago Thursday morning on business.

Miss Jessie Sprague returned from Chicago Monday evening, much improved in health.

Martin Baumgartner of Madison visited friends in this city over Sunday.

Mrs. James Chapel and daughter, Miss Jessie Chapel, left for Stroud, Oklahoma on Tuesday.

Mrs. Cora Park is recovering from an operation which she underwent in Milwaukee some weeks ago.

Miss Jessie Sherman visited with her sister, Mrs. Metcalf, in Janesville, Monday and Tuesday.

Mrs. C. Amerpohl went to Janesville last week Friday, for a visit with her son, Edward Amerpohl.

Mrs. Dell Amerpohl and Miss Ada Crosby drove to Beloit Monday for a few days' visit with relatives.

Mrs. F. E. Niles spent a few days the first of last week with Mr. and Mrs. N. N. Palmer of Evergreen farm.

Mrs. Grace Young and little daughter of Monroe, are the guests of W. R. Skinner and family this week.

Mrs. W. R. Hotchkiss of Janesville arrived in the city on Tuesday evening for a few days' visit with her parents.

The Royal Neighbors of Evansville entertained their friends Saturday, the Brodhead, Albany and Janesville lodges being invited.

There were quite a number went from Brodhead.

Mrs. Oliver Woodling has returned home after a continuous absence of two months, caring for Mrs. E. A. Fleck, who has been so seriously ill with typhoid fever.

Mrs. Fleck is doing nicely, though not able to be up yet.

Quite a number of Masons went to Albany Wednesday evening, in which lodge there was work in the third degree. Messrs C. C. Stone, M. H. Williams, C. F. Engelhard, F. H. Davis, J. Speich, U. B. Mack, S. D. Fisher, L. W. Terry, P. Patterson, H. C. Putnam and H. P. Clarke are among the number who went.

"Insist that you get Mrs. Astin's Famous Wheat Food, makes a good breakfast, a good dessert, good all the time."

Wisconsin Weather Forecast.
Partly cloudy, probably showers tonight and Friday.

THE WHY OF IT

A word of explanation regarding the removal of Mr. Bliss from the superintendency of the State School for the Blind is due the governor, the state board of control, the public and perhaps Mr. Bliss, himself. The Gazette is somewhat familiar with the situation and will attempt to explain. Governor La Follette as a reformer maintains that he will not interfere with the work of the board in dealing with state institutions. Some people are uncharitable enough to suggest that his private secretary, Col. Murphy, does the interfering but an intimate knowledge of the Murphy methods, prompts the Gazette to defend him against the mild accusation. Col. Murphy is not that kind of a politician.

The scholars of the school in their spontaneous effort to save their superintendent supposed that the governor was the proper authority to address by petition, but they discovered after waiting in vain for a week for an acknowledgment that such was not the case. Their suspicions were confirmed by a futile effort to see the governor when a delegation comprising the band of the school attempted to call on him. Uncertainty was made sure when the committee that finally gained an audience, was very cordially received and politely informed that their efforts should have been addressed to the state board of control, to whom he referred them. The boys regretted their error in ignoring the board, but the harm was done, and the slight could not be over looked.

The board of control is not a political organization. Judge Lyon, the venerable president, has never been a politician and is not engaged in politics now. Mr. Gotophorst, the new democratic member has never been known as an active politician. The other three members were originally "Stalwarts," but since joining the reform wing of the party they have abandoned obnoxious politics, and now possess an ambition to place the state institutions on a higher plane as will be noticed by the late appointment at Green Bay. The board desires to place at the head of the School for the Blind a non-partisan "trained educator." The desire is most commendable and will be heartily endorsed.

The whole thing appears to have been a mistake and rather poorly handled.

The people at the school made a mistake by allowing their enthusiasm to get away with them.

The business men of Janesville made a mistake by interfering.

The superintendent made a mistake by not attempting to control public and private sentiment. The board appears to have made a mistake but just now it is not apparent.

The governor and Mr. Bliss appear to be the only parties in the transaction who are not disappointed. The former had nothing to do with it, and the latter seems rather glad to get back to private life, and out of danger of being captured by the reformers.

UNPARDONABLE METHODS.

It seems that the same little coterie of aldermen that are causing the Milwaukee road, so much trouble with their freight depot, are holding up the same corporation on the new passenger station, that was to be erected this summer.

The vacation of High street, or the part of it that the company desires to use, has been granted by almost unanimous consent by the property owners on the street, but favorable action is deferred in the council, under the flimsy pretext that if the concession is granted, that the Franklin street viaduct must be widened. This means an expense of some \$30,000, and is as useless as it is foolish.

It hardly seems possible that six intelligent men, elected to serve the best interests of the city, should be so foolish as to defy public sentiment in this way. The Milwaukee road, or any other road can not be bulldozed in any such fashion, and unless the council can be brought to time, the city, as well as the road, will be deprived of a modern and much needed passenger station.

That kind of insane obstruction has gone far enough. If there is any way to reach the troublesome faction; or any part of it, by impeachment, the city attorney should commence proceedings without delay. If not, a public meeting of indignation should be called, and these gentlemen should be made to realize that it is both unwise and unsafe, to defy public sentiment.

The people of Janesville are not in sympathy with this sort of legislation, and the council may as well understand it. The people want the improvement, and if left to a vote, ninety per cent. of them would say so. The attitude of the council is defiant, and as a result, the element

that is obstructing is open to all sorts of criticisms. People are beginning to ask "Why?" and a satisfactory explanation is demanded. Let the gentlemen show their hand. If they have any defense to offer, the people are entitled to it. Come to the front, gentlemen. The columns of The Gazette are open for any statement that you are prepared to make, and the people are waiting to hear from you.

Children's Social
The Children of Mary, one of the many enterprising organizations of St. Mary's church, added their mite to the building fund of the new church last evening and a very generous mite it was too. They gave a lawn social on the lawn of Dr. Woods' home on South Main street which was generously loaned for the purpose last evening. While Smith's orchestra played some of the choicest music in its repertoire and George Hatch sang delightful solos, the little girls of the society served their patrons with ice cream and cake. The tables were prettily decorated with Japanese lanterns. There was an immense attendance at the social and the tables were kept filled constantly, the demand for ice cream continuing even after the supply was exhausted. The children of the society took entire charge of the social and they deserve much credit for their great success.

Reception for Rev. Mr. Vaughan
This evening at 7:30 o'clock the members of the Baptist church will give an informal reception for the Rev. Richard M. Vaughan and his wife. Members of the other churches have been invited to join in extending a welcome to Mr. and Mrs. Vaughan. Light refreshments will be served by the ladies of the church. There will be no formal program, but the occasion will be one of genuine pleasure.

Pastor Gets a Warning.
Greendale, Mass., June 14.—The Rev. G. F. Wheeler, pastor of the Baptist church here, has been advised by the members of his church to pay less attention to the young women and more to his wife; to take these same young women out driving no more, but to take his wife out driving with him instead.

CHARLES EBER IS STRICKEN BY HEAT

NORTHWESTERN ENGINEER OVER-
COME WHILE ON HIS RUN.

He Died at La Crosse Last Night—
One of the Oldest Engineers on
the Madison Division of That
Road—Leaves to Mourn His Loss a
Wife and Two Daughters.

Charles Eber, of 25 Center avenue
one of the oldest engineers on the
Madison division of the Northwestern
railroad was overcome by the heat
yesterday while on his run between
Medary Junction and La Crosse and
died at La Crosse last evening.

He leaves to mourn his sudden
death, a devoted wife and two daugh-
ters. One, Miss Kate Eber, resid-
ing in this city, and a married
daughter residing at Princeton, Wis.
The bereaved family have the sym-
pathy of a large circle of friends. Mrs.
Eber and Miss Kate Eber left last
night on the 12:45 train for La
Crosse. The funeral arrangements
have not yet been made.

The deceased was one of the best
known engineers on the Northwest-
ern system. He was a passenger
engineer on the main line for many
years but for the last three years
has been on the short run between
Janesville, Afton, Beloit and Belvi-
dere. He changed his run about two
weeks ago and went to La Crosse to
take the run between Medary Junc-
tion and La Crosse.

Mr. Eber resided in Baraboo for
many years and was considered one
of the reliable men of that city and
had hosts of friends. He had a
handsome home in that city, and was
alderman of his ward for several
years. He was prominent in Odd
Fellow circles and a member of the
Brotherhood of Locomotive Engi-
neers. He was a talented musician
and spent many happy hours with
his family in musical recreation. His
interment will probably take place
at Baraboo.

ENDEAVORERS TO HOLD JOINT RALLY

The Christian Endeavor societies of
the city will hold a "Rally" social in
the parlors of the Congregational
church tomorrow evening at 7:30 o'-
clock for the purpose of arousing in-
terest in the International Christian
Endeavor convention to be held at
Cincinnati next month. It is the
intention to have a sleeper for the
convention visitors from this district
and the local societies desire to have
as large a representation of mem-
bers at the convention as possible.

At the social tomorrow evening
A. E. Matheson will give a brief
talk on the convention and there
will be a splendid program of music
and recitations. All members and
friends of the Christian Endeavor
societies are invited to be present.

gon, Wis., are visiting Mrs. Amy's
parents, Mr. and Mrs. C. W. Van
Akin.

Brown Bros.' \$2.98 shoe sale Satur-
day.

Miss Kittle Crowley, who has
been appointed to teach at the Wash-
ington school next year, closed a suc-
cessful term of work at the Mount
Pleasant school, town of Janesville,
last Friday. Three of her pupils
were entitled to a place on the roll
of honor, they being Fannie McCul-
loch, Agnes McDermott and Etta Mc-
Dermott.

Mr. and Mrs. W. E. Clinton leave
tomorrow for Bloomington, Ill., to
visit Mr. Clinton's mother for two
weeks. They will enjoy the jubilee
celebration which is to be held by
the city next week over the re-build-
ing of that part of the city which
was destroyed by the expensive fire
of last year. The jubilee will begin
next Monday and continue until Sat-
urday evening when the closing fes-
tivities will be held.

Platteville Witness: If it were not
ridiculous it would be almost pathetic
the way the students and graduates of
the Blind asylum at Janesville are ap-
pealing to have Superintendent Bliss re-
tained at the head of that institution.
The superintendent has offended, and
his head must go to the block, and that
is all there is of it. It is readily seen
that the students are not "politicians."
If they were they would not try to in-
fluence the powers that be with evi-
dences of Superintendent Bliss' superior
fitness for the position he now holds.
They would rather have seen that he
had kept himself "solid" with the ap-
pointing power.

THOROUGHGOOD HAS SWUNG INTO LINE

He is Not Opposed to the St. Paul
Road Crossing on Prospect
Avenue.

Editor Gazette: In answer to many
inquiries whether the writer object-
ed to the crossings on Prospect ave-
nue, I will say I had strong objections
to the block between North Main
and Bluff streets being lowered as
much as the track now is. Perhaps
no one on this street uses it more
than myself and family.

My objections are now over and the
senior alderman, Mr. Valentine, is
satisfied to have the crossings made.
The writer had an audience with the
junior alderman, Mr. Hutchinson, on
Saturday last at which time he
seemed willing to let the work go on
by a slight raise of four inches be-
ing made in the present tracks, with
the balance of tracks in conformity
with it.

We were surprised at his not offer-
ing a resolution to that effect to the
council at their meeting Monday
night. The railroad company agrees,
to make the street as good as any in
the city for the permit and every
one knows who uses Prospect avenue
that it needs it. Many streets in the
city are being macadamized and put
in good shape that were boulevards
in comparison to Prospect avenue, and
requests to have that street made
over meet with no approval with the
aldermen of the ward.

I see no valid reason why the rail-
road work should be delayed. The
freight depot will go there either
with tracks on one street or the
other but we surely do not want
Main street used for that purpose.

It must be understood the writer
would have been glad had the freight
depot not been located there however
it is there and no obstacle should be
put in its way to final completion,
especially if the railway company agrees
to make the street a good one. So I
say let her come and at once fix up
this disagreeable matter.

I notice The Gazette made mention
of the large amount of money spent
in this city by the railroad company.
Let this good work go on. If it is
good for the railroad it is equally
good for Janesville and would, if in
power, encourage all such additions
and improvements to our already
good railroad facilities.

It is not always the railroad com-
panies who ask for favors. Very
many times individuals ask them. If
you don't believe it you go down to
Spring Brook and look over the Gil-
key trackage, the new canning fac-
tory, the Choate-Holister factory.

None of which would be there to-
day except for the railroad facilities
which in every one of these cases
has been at the request of the various
companies.

The whole city is benefitted by
these. I will say no more but I
want it understood I am putting in
no objections to the St. Paul com-
pany placing their tracks across Pros-
pect avenue and I believe if the al-
dermen of the Second ward would
report favorably, the balance of the
committee would pass upon it.

J. THOROUGHGOOD.

NEW COMMISSION HOUSE.

The Hadden Krull Co. Open for Busi-
ness in the Hayes Block

The Hadden-Krull company, com-
mission merchants of Milwaukee,
have opened commodious quarters
in the Hayes block, rooms 229-231,
Wisconsin telephone No. 473, where
they will be glad to welcome their
numerous friends and customers of
this city. They will have direct
private wire connection with the main
office in Milwaukee; also with Chi-
cago and New York and will be in a
position to promptly execute orders
in all the active stocks of the New
York stock exchange and in provi-
sions on the Chicago board of trade.

Mr. E. G. Haden, president and F.
J. Rodie, secretary of the concern are
both prominent members of the
Milwaukee chamber of commerce
which fact is a sufficient guarantee as
to their standing and reliability. Mr.
E. O. Plummer, who will be the resi-
dent manager, comes here with flat-
tering credentials as to his work and
ability. He is a gentleman of pleas-
ing address and no doubt will gain
many friends for the firm in this city.

Home grown strawberries, Florida
pineapples, new potatoes, Illinois
sour cherries, fancy new cabbage,
fancy wax beans, home grown cucum-
bers, Florida tomatoes, fancy green
peas, fancy cauliflower, crookneck and
squash. Fletcher Bros.

Wash Your Head With
Koerner's Home SHAMPOO

It cleanses and invigorates the
scalp to fresh and healthy ac-
tion, thereby increasing the
growth of hair.

NEWS OF A PERSONAL NATURE

Mrs. O. V. Cutting of Green Bay is
the guest of Mrs. W. J. Bates.
James Sheehan of Hanover was a
visitor to this city today.

E. J. Smith is in Chicago today on
business for Ziegler's clothing house.

Mrs. A. E. Rich and son Allen left
on the 10:10 for Chicago this morn-
ing.

Dr. H. B. Anderson of Orfordville
was in the city today on professional
business.

Ogden H. Fethers is in Chicago on
business connected with the K. P.
organization.

E. D. McGowan will deliver the
Fourth of July oration at Broadhead
the coming Fourth.

The grand council of United Com-
mercial Travelers of Wisconsin open-
ed a two days' session at Green Bay
this morning. Among those in at-
tendance from this city were Fred
Van de Water, Charles B. Evans,
Charles F. Yates, J. F. Scidmore and
George Metcalf.

**OPENED BIDS FOR
WORK ON STREETS**

The street assessment committee
met today at two o'clock in the city
clerk's office and opened the bids
for the improvement of Clark street
in the Third ward from the easterly
side of Main street to the westerly
side of Glenetta. There was but
two bids received for the work, one
from James Cape & Sons of Racine
and the other from P. W. Ryan of
this city which were as follows:

Cape & Sons: Excavating, \$37.
macadam, \$55½. Combination curb
\$67½.

P. W. Ryan: Excavating, \$35.
Macadam, \$60. Combination curb,
\$69.

The aggregate amount of each pro-
posed as based upon the amount of
the engineer's estimate of the work to
be done on the street was Cape & Son
\$3,293.71. P. W. Ryan, \$3,405.27.

The bids will be presented to the
council at the next meeting for rat-
ification.

WINDOW AWNINGS
And Porch Curtains.

Adjustable to any size. They are all
right; so is the price. Call and see
them before you purchase.

OLD GLORY FLOATS OVER THE COUNTRY

Flag Day Observed by Display of Stars
and Stripes from Public and
Private Buildings.

Today has been observed through-
out the length and breadth of these
United States and from thousands of
flag staffs "Old Glory" has floated,
its fluttering folds serving to quick-
en the patriotic pride and reverence
which the star-lit emblem of our
country's greatness ever inspires in
the heart of every true and worthy
citizen.

While there were no public ceremo-
nies in this city, the day was quite
generally observed and the Stars and
Stripes were displayed from public
buildings and schoolhouses and from
many private dwellings and offices in
celebration of the anniversary of the
adoption of the national colors.

Flag day is one of the newest of
our nation's special days but each
year its observance grows more gen-
eral. Its object is to foster intelli-
gent patriotism and to inspire young
people to become thoroughly ac-
quainted with the history of the flag
as well as of the country of which
it is the symbol. Briefly told the
flag which we love today was born in
1777 when congress enacted that the
flag of the thirteen states should be
thirteen stripes of alternating red
and white, with thirteen white stars
stars on a blue field emblematic of the
Union. To this number of stars one
star has been added for each new
state until now there are forty-five in
the national emblem.

OUR

**\$8.00 Single

NEWS AND NOTES OF BADGER STATE

The courtship and marriage of Miss Mattie Downing of Waukesha and George Nicholas of Baltimore is quite romantic. The bride and groom did not meet until the day of their wedding, the bride becoming acquainted with her husband through an advertisement in a newspaper. The result was a courtship by mail. Mr. Nicholas is 55 years of age and his bride 37. The correspondence started six months ago. Later the couple exchanged pictures, and on May 30 Mr. Nicholas came to Waukesha. On meeting they were pleased with each other, and the marriage ceremony was soon arranged. Three years ago Miss Downing was married to Martin Jesgo and moved to Racine. After a short time Jesgo got a divorce and she returned to her mother. Wanting another husband, she advertised in a Chicago paper and a man by the name of Wanzler presented himself. He was satisfactory and the young lady once more embarked upon the stormy sea of matrimony. This marriage held for several months, and then Wanzler sued for a divorce and the woman once more found herself without a husband. She advertised again, and the Baltimore man then applied.

Mrs. H. A. W. Tabor, widow of the late United States Senator Tabor of Denver, after living with her daughter, a little girl now eleven years of age, for nine years in abject poverty, once more finds herself on the crest of the wave in the sea of fortune, with an income of between \$45,000 and \$70,000 a month. Mrs. Tabor is the daughter of a journeyman tailor who formerly sat upon a bench in a little shop in Oshkosh and made coats. She married H. A. W. Tabor back in the '80s, when he was rolling in wealth, the owner of the Little Pittsburg gold mine near Leadville. Fickle fortune, however, played havoc with Mr. Tabor. He was one of those open hearted men, who spent his money lavishly and engaged in all sorts of enterprises. In the course of his transactions he became involved in litigation, and the Little Pittsburg mine, the source of his income, became tied up, and has remained for years a non-producer. Mr. Tabor found himself without the means to pay his lawyers' fees and the court expenses. He at last became poverty stricken, but not before he had served 30 days as United States senator. The Little Pittsburg mine has turned out very rich, and Mrs. Tabor is again certain of great wealth.

The pea crop along the lake shore district for the year 1901 promises to be reduced two-thirds in some districts and as high as one-half in Manitowoc county. The cause of the low crop is the fear among the farmers of the lake shore district that the pea louse would again appear and produce havoc similar to last year when one-third of the crop sown was destroyed by the bug. The average pea crop of Manitowoc county in normal years is about 600 cars or 360,000 bu. According to the average sown this year the crop for 1901 will probably not be over 200,000 bushels. The above is the dried pea crop and does not include the crop of the pea canning industries, this crop being of a different variety. It is reduced very much this year, too, and will be about one-third smaller in the whole lake shore district. The three canning companies in Manitowoc sowed about 3,500 acres last year. This year not quite 2,000 acres were sown. The pea fly or louse has not as yet made its appearance and should the cold weather continue, the pest may be exterminated, although it is too early to vouch for this.

Yesterday was the second anniversary of the cyclone which swept over New Richmond, destroying the whole business portion and killing outright over 100 persons. Special memorial services were celebrated in the Church of the Immaculate Conception by the Rev. Dr. Deguon. Memorial services were held in the cemetery. Early in the afternoon threatening clouds appeared in the west. People were panic stricken and everybody rushed for their cellars. The storm passed around the city, and the heavy downpour of rain did no damage.

Green county assessors have decided to accept the instructions of the State Tax Commission and follow the law, making the assessment on the basis of the full value of the property. A schedule which is usually adopted for the uniform valuation of live stock and personal property was dropped, the decision being reached to assess at 100 cents on the dollar all the way through. Action was taken with some reluctance as fear was expressed that assessors in other counties would not follow the law and consequently Green county would be called upon for an unjust appropriation by the State Board of Equalization. The assessors were provided with special blanks to be used in an effort to get at the correct statistics of the county's dairy industry in order that the full product can be readily computed.

"Buy Mrs. Austin's Wheat Food, made from finest Red River Valley Spring Wheat. Your grocer will supply you."

EASTERN STAR EXCURSION.

Picnic to Long Lake, Ill., on the New Line of the C. M. & St. P. Ry. The first excursion over the new line of the C. M. & St. P. Ry will be run to Long Lake, Ill., Tuesday, June 19 under the auspices of the Eastern Star. Special train will leave Janesville at 8:15 a. m., returning leave Long Lake at 6 p. m. The Eastern Star extend an invitation to everyone to join them on this excursion. The rate for the round trip will be \$1.25.

DISCOVER HONEY IN AN OLD HOUSE

The house at the corner of South Franklin and School street recently purchased by the Janesville Barb Wire company proved to be a hive of honey when the workmen came to move it off from the lot yesterday. About four years ago the honey bees discovered an opening between the clap boards on the south side of the building about four feet below the eaves.

They took possession of the place and started a honey warehouse. When the workmen started to move the building the bees came out in swarms from their storehouse and made it warm for all interested in the work. The clap boards were sawed off at one side of where the honey was stored and then torn loose revealing a store of honey that completely filled the place between the uprights from the opening in the clapboards to the eaves.

The people that had lived in the house and the workmen gathered around with pails and secured a good many gallons of fine honey.

The bees were not as docile as they might have been while their store was being robbed and many a sting was given to the workers. A hive was placed near where the bees had congregated on the side of the house and was soon taken possession of by them.

Came Near Losing His Scalp.
A. W. Allison of 52 Harrison street came near losing his scalp while at work in Thorngood's box factory shortly after one o'clock yesterday. He went into the basement to oil a machine and was directly under a large moving belt. When he finished he raised up from a stooping position and his head came in contact with the belt. Three large fasteners on the lower side of the belt struck him, knocking off his cap, cutting his scalp through to the bone and knocking him senseless. When he came to he went to a doctor and had his wounds dressed. He will have a sore head for some days.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.
Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

For the Modern Woodmen Picnic at Freeport, Ill., June 20. The C. M. & St. P. Ry. will run the official train from Janesville Camp, leaving Janesville at 3 a. m., returning, leave Freeport, 7:15 p. m. Rate \$1.45 for the round trip.

George W. Coon and son of Milton Junction called on friends in this city last evening.

CATARRH A Constitutional Affection.

Sprays, washes, powders, salves, medicated tobacco and cigarettes, however long and persistently used, do not cure Catarrh. They relieve temporarily the inflammation in the throat and nose, and enable you to breathe more easily and freely, but the continual rush of impure blood to these parts keeps up the irritation and ultimately produces ulceration of the glands, when the breath becomes exceedingly offensive and the soft bones of the nose are frequently destroyed. The catarrhal inflammation extends over the entire surface of the mucous membrane, or inner skin; the stomach, kidneys and lungs are often involved; the whole system soon becomes affected by the rapid absorption of poisonous matter into the blood, and the disease that you had hoped to cure with simple local remedies, assumes a dangerous form.

I had Catarrh about 15 years, and tried during the time everything I could hear of, but nothing did me any good. At last I came to the conclusion that Catarrh must be a blood disease, and decided to give S. S. S. a trial. I could see a little improvement from the first bottle, and continued it three or four months, or until I was cured. Have not taken anything for six years, and am just as well as I ever was.—M. MATSON, Lapeer, Mich.

I had Catarrh so bad was entirely deaf in one ear, and all the inside of my nose and part of the bone sloughed off. The physicians gave me up as incurable. I determined to try S. S. S., and began to improve at once. It seemed to get at the seat of the disease, and after a few weeks' treatment I was entirely cured, and for more than seven years have had no sign of the disease.—MRS. JOSEPHINE FOLHILL, One West, S. C.

Catarrh is a constitutional disease—a blood disease which is frequently inherited, and only a blood medicine, such as S. S. S., can remove the hereditary taint, destroy the poisons that have been accumulating in the system for years perhaps, and restore the blood to a healthy and pure condition. The inflamed membranes and diseased glands are healed by the rich, pure blood which is carried to them, and the offensive discharges from the nose, and the terrible headache and neuralgic pains cease. Chronic cases of the most desperate character and apparently hopeless, have been cured completely and permanently by the use of S. S. S.

Write our physicians fully about your case and they will cheerfully assist you by their advice. We charge nothing whatever for this service. Book free on application. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

AN ABSOLUTE FACT THAT GREGG'S COFFEES ARE THE BEST

Pan-American Exposition Company,
D. S. Morgan Bldg.,
Buffalo, N. Y.

Buffalo, N. Y., Jan. 10, 1901.

C. D. Gregg Tea & Coffee Co.,
Chicago and St. Louis.
Gentlemen:

I enclose you contract for the supply of coffee for the Bailey Catering Company, at the Pan-American Exposition, to be held in Buffalo during the coming summer. In the selection of your coffee, in competition with samples submitted by a number of the largest Importers and Roasters in the country, I have been governed entirely by the quality of the same. My experience with the coffee supplied to me during the past year or so by your house has been so uniformly satisfactory that I feel that I could do no better than to complete this arrangement with you. The amount of coffee which this involves will probably amount to as much or more than has ever been supplied to one consumer in the same length of time, and I congratulate you upon your enterprise in having secured this contract.

Very truly,
PAN-AMERICAN EXPOSITION COMPANY.

In Janesville and vicinity we are exclusive agents for the Pan-American Blend. We are now prepared to fill orders. Phone us.

WILL T. M. NOLAN GET HIS MONEY?

Many Lawyers Claim That the Finding of Contributory Negligence Will Forfeit Judgment.

There is considerable conjecture among the legal lights of the city as to what bearing the finding of the jury in the case of Thomas M. Nolan against the Milwaukee Street Railway company, will have in the verdict.

The jury found the street railway company guilty of criminal negligence, that Mr. Nolan was guilty of contributory negligence, but gave him a verdict of \$4,000 against the company.

Many of the lawyers claim that the finding Mr. Nolan guilty of contributory negligence forfeits his judgment against the company and this view is taken of it by the company's attorneys. Mr. Nolan's attorneys in this city say it is a question for the judge to decide and the point will be argued June 27th. The case will be appealed to the supreme court by the company if the point is decided against them.

Jolly Eight Picnic

Members of the Jolly Eight, a club of Junior class girls, enjoyed an elaborate progressive dinner last evening and incidentally had a very merry time. This first course was served at the home of Miss Louise Merrill on South Third street and after the bouillon and its attendant dainties had been partaken of, the guests moved along to where the second course of "substantials" was awaiting them. Misses Margery Mowat and Eureka Kimball were the hostesses and their part of the feast was temptingly spread on the lawn between their homes. The salad course was served at the home of Miss Mary Stevens on Ravine street after which the party returned to the Third ward and ate ice cream and cake with Miss Ella Sutherland at her home on South Second street. The dinner came to a merry close over nuts, fruit and bon-bons served at the home of Miss Belle Maclean on Milton avenue.

SOMETHING NEW!

Hand Painted Souvenir
China

We have just received a shipment of hand painted souvenir china, made especially for us in Germany. Two local views:

"The High School" "Monterey Dam"

It consists of plates, cups and saucers, vases, sugar and creamer, nappies, salts and peppers, olive dishes, pin trays, handled baskets, bon bon boxes, bells, etc.

Come in and see it. The views are perfect. Just the thing for presents.

THE SAVINGS STORE,

R. E. Winbiger & Co.

75 Jackson Street.

An Enchantress Disclosing Pleasures

of home, raised the curtain and showed a happy maiden revelling in the exquisite music of a dreamy Strauss waltz or a Balfe love song on a Hardman piano. It was like a glimpse of paradise, with all its accompanying sounds. You can make a hardman piano talk. It expresses the emotions better than any piano made.
